**Subject: Response to the queries of prospective bidders on the tender for the Rate Contract for the Operations of VSAT Network, AMC of Hub, AMC of VSATs and Procurement of New VSATs.**

Ref : Tender Enquiry No. EI-D/OPS/17-28/13 dated 11.09.2013

The following is the ERNET's response to the queries of prospective bidders:

Queries of the prospective bidders on the tender	ERNET's Response
Request to amend the tender to opt for the upgrade option for the Network to new technology.	The upgradation of existing baseband at central site (Hub) as well as remote VSAT components to new technology is not desirable in the existing tender as per the current scenario of ERNET network. Thus, the request is not considered.
